

**Amendments to the Abstract:**

Please cancel the original Abstract and add a new Abstract, as follows:

Attached to this Amendment and Response is a Replacement Sheet, which sheet is requested to become new page 9 of the Application. This Replacement Sheet includes only a new --  
Abstract, as follows:

The subject matter hereof relates to hair cutting apparatus of which various example embodiments are disclosed. In an example embodiment, the hair cutting apparatus comprises a cutting arrangement and an arrangement that prevents cut hair from flying off the hair cutting apparatus. In an example embodiment, an arrangement that prevents cut hair from flying off comprises a boundary wall. In an example embodiment, an arrangement that prevents cut hair from flying off comprises a boundary wall that extends close to the cutting arrangement. In an example embodiment, an arrangement that prevents cut hair from flying off comprises a boundary wall, the boundary wall including a stationary portion and a movable portion, the movable portion being intended and arranged to cooperate with hair to be cut.
